## Nominations for the Ice Racing NSW Board 2022-2023

### Nominee

#### Yoon Kyung Oh

- Why are you nominating? I am nominating myself to join the board of Ice Racing NSW because firstly my 7 year old son loves to skate and although I cannot be on the ice to skate with him, I would like the opportunity to share the same passion for skating.  
I want to strive to learn more about the sport by volunteering my time to meet with like-minded people to find ways to promote and encourage young skaters to Ice Racing in NSW so they may be able to enjoy the sport in a safe and protected environment.
- Skills or qualifications? My main skill I would like to bring to the board is my positive attitude.  
My last job working 8 years at the Department of Justice and Communities as an Information Management officer has exposed me to thousands of offender records. However, despite all this, having the proper mindset and a contagious spirit whilst working and effectively communicating with team members have allowed me to achieve greater happiness, fulfillment, and productivity which I would like to bring to the board.

#### Scott Weekes

- Why are you nominating? To help with anything I can to keep improving the sport for everyone.
- Skills or qualifications? Extensive coaching knowledge and experience, experience on boards including Australian Ice Racing previously, work in ice rink/skating administration.
