

Ice Racing NSW Board Nominations for 2026-2028

Of the nominees listed, five will be elected (using the AGM's Teams) software to serve on the board. Only members of an Ice Racing Club and therefore members of Ice Racing NSW and over 16 years old, are eligible to vote.

Name	Which club are you with?	Committee position?	About this person
Lina Lin	SSS	No	I am a licensed builder and the owner/director of Lulin Construction P/L, with many years of experience in business management, project management and team leadership. I have strong skills in leadership, communication, planning, negotiation, problem-solving, budgeting and managing multiple stakeholders. I regularly coordinate clients, consultants, contractors and teams to deliver projects successfully. I would bring a practical, collaborative and solutions-focused approach to the Board, together with my business experience, leadership skills and international network, including connections in China and Korea, to help create new opportunities for NSW Ice Racing and its athletes.
Jessica Ryu	Other	No	Coach and events coordinator and know well about skate
Youngmin Lee	Other	No	Coach
Luke Cullen	SSS	No	Served on IRNSW, renominating for a new term. Athlete at World Cup level, level 1 coaching qualification, been a member of the management team of two ice rinks now.
Martin (Su Hoon) Jung	Not a member of a club	No	Dear AIR Board Members, I have volunteered as a Lynx operator and timekeeper at a number of NSW and national competitions since 2015. That has given me some idea of how much administrative work sits behind each meet, and how much of it falls to a small number of people. My professional background is in law, and before that in engineering and commercial management. The skills I think are most relevant to the Secretary role are fairly ordinary ones, working carefully to the constitution and to deadlines, preparing agendas, notices and minutes that are clear and can be relied on later, keeping registers and records in order, and answering correspondence from members, government agencies and other organisations promptly. I am comfortable reading a constitution closely and helping the board keep to it, including notice periods, quorum, election procedure and record-keeping obligations, so that decisions are properly made and recorded. I am also used to keeping track of action items and following them up. I am confident with digital records, document management and online systems, and would be happy to help keep the club's records organised and easy for others to find. I am willing to serve as Secretary, and otherwise happy to help with grants, governance or general administration wherever I am most useful. Thank you for considering my nomination. Martin Jung

Minyoung Kim	Arrows	No	My daughter trained in Korea for four years and competed there as an elite athlete. She was ranked fourth in her age group in Gyeonggi Province and was selected as a representative athlete for the province. Here in Australia, she keeps challenging herself by training on and off ice despite the limited facilities in Sydney. As a mother who supports her throughout this journey, I gained valuable firsthand experience and insight into the development of young athletes, the structure of high-performance training, and the commitment required to progress in the sport. I would like to bring these experiences and perspectives to IRNSW and contribute to the further development of short track speed skating in NSW. My daughter now dreams to represent Australia at the national level. Through supporting her pathway, I believe I can offer both a parent's and an athlete perspective, help identify opportunities to better support young skaters, and contribute to building stronger pathways for athletes who wish to progress to high-performance competition. I currently work part-time in the legal field and am also undertaking a master's degree in law. I hope that my background, together with my experience supporting my daughter's sporting journey in both Korea and Australia, can make a meaningful contribution to the IRNSW.
Keanu Blunden	SSS	No	Elite athlete background in short track and have a Sports coaching Degree. I am currently a club coach at SSS and have been representing AIR at ISU events both as athlete and Team coach. I have also been assisting at IRNSW development camps and sessions at Erina Ice Rink. I look forward to contributing back to the sport with the exciting reopening of the Canterbury Rink.
Maranne Reece	SSS	No	I have 40 years of skating experience at representative level and internationally in Master's competitions. I'm a former member of the National Squad. I was an office bearer and volunteer for several skating clubs over many years, including organising schools and come-and-try sessions.
